ANTI-SUFFRAGISTS

Refusal of Injunction to Prevent Promulgation of Suffrage Amendment, the Cause

Washington, Sept. 2. — Opponents of woman suffrage received a temporary setback today in their efforts to expedite an appeal from the decision of Justice Bailey of the District of Columbia supreme court, refusing an Colby from promulgating the suffrage amendment

Chief Justice Smyth of the District of Columbia court of appeals denied the petition of suffrage opponents as represented in the American constituthe case to the United States supreme court without waiting for a decision of the appellate tribunal.

The chief justice held that he lacked of the United States supreme cour could be made only where the decision of the local appellate tribunal was final As there is a constitutional question involved in the suffrage case there would be a right of appeal from the decision of the court of appeals to the United States supreme court.

Counsel for the anti-suffragists, how ever, have not abandoned hope of getting the case into the highest court in the land before election day, and when the court of appeals convenes October 4, will make a motion to advance the

Praises Soldiers' Deeds

"I want to show my gratitude to inese men in an effective way," said Senator Harding, turning to the for-"by seeing that mer service men. neither they, nor their sons, nor their son's sons shall ever be called to the conscience of America, we will lead the world to outlaw war."

The candidate also declared the nation must show "practical, helpful generosity" to the former soldier, adding that it was unfair to impose uniersal service unless there was to be an adequate expression of gratitude with the return of peace.

The speech was the second delivered by Senator Harding today. His position in support of cooperative agreement for farmers having been out lined, a few hours before in a short talk here to a committee of the national board of farm organizers, representing thousands of farmers throughout the country. Cooperative marketing, he said, would be the first practical step that could be taken to reduce the cost of living.

All Groups Represented.

During the day, the nominee tool up several other important issues in talks with political leaders, one of his conferences bringing together here for the first time representatives of all three of the groups into which senate Republicans divided during the league ratification fight. On his front porch during the afternoon he talked over the situation with Senator Knox of ator Spencer of Missouri, a mild reservetionist and Senator Townsend, of Michigan, who stood during the fight with the middle group led by Senator

was issued tonight by Lindley M. Gar- Regardless of Denials, Candidate revently approved by President Daniels Thanks Captain of Goethals and Alanthus First at Scene of Catastrophe

New York, Sept. 3. - The plight hours, was arst learned by the steamcovered the submarine off the Delaware cape yesterday afternoon with 30 feet of her bow protruding above the water, Captain E. O. Swinson of the teamship General George W. Goethals eported upon his arrival at Hoboken conight. Earlier reports were that the General Goethals had located the distressed underseas craft by means of a telephone buoy released from the subierged craft.

The crew of the submarine owes their lives, he said, to the quick work of Chief Engineer Grayce of the General Goethals, and his assistant, R. A.

Cut Hole from Inside.

The imprisoned men. Captain Swinson said had cut a small hole through the hull and had stuck through a pole on which was fiying an undershirt. The Alanthus was unable to rescue the crew as she had no apparatus for cutting through the submarine hull. The crew of the Alanthus, however, began pumping air through the small hole made by the underseas craft

"It was about 5:20 last night,, Captain Swinson said, "when we sighted the Alanthus flying distress signals, about 40 miles east of the five-fathom

"We drew up alongside and found er made fast to the bow of the submarine by a cable. This cable was only to keep her-from drifting away as the submarine was perfectly buoyant. Her after tanks were full and her forward ank empty so that she was lying in the water at an angle of 60 degrees. with 30 leet of hull above water.

Pumping Only Aid Available.

"The Alanthus explained the aubmarine's plight and said she was unable to give any aid other than numbing air through the small holes. The Alanthus had a radio outfit, so I sent one of m. radio men over to her. By 6 o'clock, Grayce, MacWilliams and four other men were standing on the submarine's hull drilling for all they were worth with only a hand ratchet drill. The Alanthus' radio was only good for a 20-mile range, so we relaved thei rmessage with our outfit. I sent messages to Caps May, Philadelphia, Norfolk and New York, telling of the submarine's plight and callwould be able to cut through the hull

"At 9:15, the Alanthus fiashed that Grayce had a number of holes drilled in which there was a revolver with through and the men were greatly rea hair trigger and a weight which vived. I sent out the messages, but when moved lighted a red flare. On still calls for help. Later, the Hunt, Monday night several detectives car- an oil tanker, arrived, after picking up ried the box to the place designated our message. She had an electric and then hid in the underbrush. After drill, but we found it was useless. She midnight a man walked into the lot stood by several hours and finally left,

Comamnder Last to Leave.

"In the meantime, Grayce and Mac-Williams were taking turns with the ed a gun against his body. He sur- hand drill and finally at 1:20 a. m., rendered Going to his home, the after hours of the hardest kind of police say they found paper similar work, a hole was cut through large to that used in the Wheeler letters, enough for the men to escape. The typewriter was used for the letters first men were taken out at 1:25 and at 2:45 the last man, Lieutenant Commander Charles M. Cooke jr., climbed through the hole.

"The men from the submarine revived quickly after being put aboard the Alanthus, where they were given 1920 INCOMES BIGGER hot soup and put to bed. Many were bleeding at the mouth and nose. Their faces were swollen and their eyes blood shot but they still have plenty of service.

'All the credit of the rescue belongs to Grayce and MacWilliams. If The submarine crew was later trans-

Fast Schenectady Bunch Died Hard in Game with Cubs at Neahwa Park Heaves in Seventh.

Weldman's Cubs turned the tables on the K. of C. team from Schenectady Walton. yesterday afternoon at Neahwa park and Paul Gardner, whom "Duffer" has kept on his second string of twirles all the season, did the trick, Trut he got himself into a rather ticklish situation in the ninth inning, when he filled the bases with none down. inulng previously when two hits had been made, and he was kept in and Oneonta Cubs been made, and he was kept in and wisely so. He pulled himself together and, aided by Boylan, kept the in the final round. The totals were

5 to 3 and in favor of the Cubs.

It was in the "lucky seventh" that the game was placed upon what was thought safe ice. Prior to that but two lone singles had been gleaned off the mixed delivery of Smith, and the fans were a bit gloomy. In the seventh, however, the locals got after Smith and after Tryon had been forced at second by Marone, Dempsey sent out a fine line drive for two bases and Dempsey dented the pan. Brown came along with the timely single, which he had been hoping for in several recent games without success, and then the Knights from Schenectady, who had been eating everything up and robbing hitters of singies by fast fielding, commenced to "throw the ball around," first a heave toward first that went about three rods astray and then another toward third, which went even farther from the mark. These, aided by a single by Gardner, following the others, netted the locals four runs and made the core 5 to 2 for them.

The visitors had managed to gather n one in the third on a double by Kerley, followed by a single by Mc-Convery and another in the fourth when Grabowski lifted one over the left field fence for a homer. He would have getten a more generous hand had he not been crabbing all the time previously and without justification over frequent decisions, including

many balls and strikes. In the ninth Manager Weidman's heart came near stopping and the visjtors, 100, had an attack, and a bad one without any just reason, except the constitutional tendency of all ball tossers from Schenectady. Endries, first up, made a single, and Smith drew four wide ones. Then Fisher got in front of the ball, filling the bases. Apple hit to Marone, who fielded to Boylan, clearly nailing Endries at the plate. The visitors "beefed" for 2 Keriey then hit to Dempsey. who took no chances, but fielded him out, permitting Smith to score. With two down, McConvery rolled one to

Marone, who picked it up and touch-

ed the bag and the game was over.

WANDERERS TRIM Y. M. C. A.

Iwo Teams Are Now Tied for First Piace in Twilight League.

The Wanderers came back strong it Neahwa park last evening and trimthus tying these two teams for first place in the percentage column. It was the fourth inning that decided resterday's contest, for it was in this round that Crounse's husky bunch got after the ball and knocked it with rengeance, errors by the "Y" tgam also niding them.

Barr pitched a good game for the Wanderers, as did Boardman up until the fourth, and then it was largely due to lack of support that the Wanderers put across their three men. The summary follows:

Smith's Double and Singles by Jacob- STANDING OF THE TEAMS Y. M. C. A. 000011-1 5 4 have time to deteriorate. Batteries - Boardman, Pedrone and Merchant; Barr and Goldsmith. 69 Struck out-By Barr, 7; by Board-48 off Boardman, 1, (Tarbox). Two base \$1.50 per bushel; cabbages, 3 cents per pound; cooking apples. 75 cents to \$1 per bushel; pears, \$1 per bushel. 00 Slavin, Fitzgerald and Goldsmith, for 80 Wanderers; Shaw, Kline, Davidson, 2, 16 and Delaney, for Y. M. C. A. Umpires -Perry and Fowler.

LOCAL EDITORIAL NOTES.

Advanced Telephone Rates.

As will be noted by Star readers who peruse the news of the day in in them, as far as I knew, were people other columns, the Otsego and Delaware Telephone company has filed notice of advance of service rates in its to me with suspicion, in the first place, territory with the Public Service commission. These rates will take effect to believe that on account of my taste October 1, and as the commission is for repairing machinery they had come at pains explicitly to point out, it has to me as a mechanic likely to adjust Hazel VG., Mrs. VanDyke, no power to suspend their operation deranged machinery of defective cars pending an investigation on its own so as to put them into use again with The Niece, John Braster, Midpart. This power the legislature last reasonable profit for my work, which winter was asked to give, but it failed is all the profit I got on the only to take any action, and for this the three I sold of these cars. These three public is inclined to hold it responsi-

In fact, as the public is inclined to view the situation, the Public Service title to them. As a metter of fact, I commission has power to determine sold one of these three to a dealer of whether telephone and telegraph the highest repute and far more exlines, light and power lines and rail- perienced than myself, who sold it to ways should be constructed-whether the public service demands them, and of making any inquiry beyond my through this power they are able to statements, any more than I had forbid the construction of competing thought of making inquiry from the lines and thus to preserve existing supposedly reputable people who sold property values by preventing ruinous competition. In the case of ratiways this power is accompanied by another which prevents the companies from increasing the rates of fare without the consent of the commis sion given after a hearing at which the public has a right to be heard. In the case of telephone rates, the commission has no power of suspension. It would seem that the same rules which justly apply to railway lines should be applicable also to every form of public service—that protection by means of the Public Service commission should make the companies amenable also to the rules and judgment of that body.

It evidently took time for the public to understand that there was such a loophole in the law; but now that it has been found it should be amended. Patrons in general are fairminded, and nowhere in the state will they ask for service at so low a figure that it must result in loss to the company by which such service is furnished. On the other hand, they believe that changes in the price of any form of public service should not be made by off-hand determination of one only of the parties in interest.

Concerning Telegraph Hours.

That there should be better service rendered in Oneonta by the Western High mass at 10:30 a. m. Senday school Susquehanna Valley grange, to be Union Telegraph company is the at 2:15 p. m. Benediction at 3:15 p. m opinion of many citizens; and this not Week day mass daily at 7:30 a. m. On at all as to the service which in their Boly days, low mass at 5:30 a. m. High hours the efficient employes render, mass at S & m. Benediction at 5:15 p. m. No one questions or criticises them. long enough on other evenings. As messages can be filed there; but later, services at 5 and 7:00 p. m Delaware and Hudson company, worship. which have their own business to attend to first of all and often are un- Ford avenue. Rev. S. D. Butler, pastor.

What the city needs is an all-night tember 12. telegraph service, and along with it a late night delivery supplementing such deliveries as cannot be made by telephone. Moreover, the city is large enough, and it has a volume of business sufficient to justify it in asking the favor.

Candidates for Congress.

There is much interest being taken in the Republican Congressional primary campaign in this district than and academy streets. Dr. E. J. Farler, at first was anticipated. From one paster. A Good Place To Work

WHEN A IFE GOES OUT

It is a natural desire that the funeral be conducted tenderly and with dignity and reverence; that the lines of pain and suffering be removed; that the drawn and sunken features of the loved one be restored.

3 This is not vanily on the part of the surviving family; bull rather that they and their friends, as they look upon the face of the departed, may cherish in memory the face they knew and loved in life.

This is a part of the service included with the many other features that we employ, to lessen the suffering which is so apt to be forcibly present.

FLEET FLEECED

Repair Men and Food Dealers in Agreement to "Pluck the Golden Goose."

SA FOR POUND OF BUTTER

Mulcting Among Men in the South American Trade---Is Quickly Stopped.

WANTED — Local representative, man or woman, for Oneonca and vicinity, to self our products. Whole or part time. Camtai Products, Tyrone, Penna. Buenos Aires.—The United States shipping board has been defranded of many thousands of dollars through WANTED-Man to drive team on farm and in woods, Apply B. S. Burnside, R. D. No. 1, Maryland. Phone 2-F15. practices which amount to "systematic fleecing" of shipping board vessels in WANTED—At once, First class machinist, Apply Charles Keeton, Quality Silk mill, Hickory street. the River Plate trade, according to reports to the board by Capt. G. L. Car-WANTED Men to cet logs and men to drive team on my farm at South Side. Dr. M. Hamilton, Oneonta. den, special representative of the shipping board emergency fleet in Buenos

> Captain Carden, accompanied by Captain of Engineers L. C. Farwell, arrived here a month ago to take charge and protect the board's interests. "When I arrived here," he said to the Associated Press correspondent, "ship chandlers, repair men and others connected with the shipping industry seemed to be in a general agreement to mulct the shipping board vessels to the limit.

WANTED — Two men to drive team and help building a new barn. Must be willing to help milk a small herd of cows. Only good men with borses need apply. Wages \$100 per month and board. S. Marhis, Meridale. "In receiving my orders I was told that while the board appreciated the fact that expenses of all sorts were high in Buenos Aires and Montevideo, still it felt that there must be something wrong when their vessels paid such prices, for instance, as \$4 a pound for butter.

"It seems that the practice was when a shipping board vessel appeared in the roads and signaled its desire to enter for those who had hopes of selling the vessels supplies to prepare for a plucking of the golden goose.

Food Thrown Overboard. "Our arrival put a quick and effec tive stop to all this. We now have all shipping board vessels calling at this port report difectly to us. We alone have the right to authorize purchases BOY WANTED-About 16. Quality Silk mill, Market street. of supplies or expenditures for repairs. All repairs at present must be made according to specifications and SALESTADY—Permanent position with ex-cellent opportunity for someone with abil-ity. Address Dry Goods, care Stary under bond. Every bill must have my signature before it will be paid, and GHELS: GIBLS: GIBLS: We can offer an excellent opportunity for a few bright young women between ages of IV and 30 years in our finishing department. Light, clean, interesting work under ideal factory conditions in one of the inest plants in capitol district. No experience necessary and rapid advancement to those who show ability to learn. A girl's club is minitained with attractive home surroundings under the use of our of town girls. Board and room at cost and restantant at plant for the use of employes. Meals at cost, excellent ranges, steady work, 48 hours week, and bonns system. If you are interested in a permanent position where you will be given an opportunity for advancement, write: Fort Orange Paper company, Castleton-on-Hundson N. Y. the result of this has been a saving of as much as 50 per cent on many items. Conditions formerly were so bad that I have even heard that in some cases food was thrown overboard in order to create a shortage, so

that purchases could be made." During the first four weeks of the supervision provided by the new arrangement it was officially estimated that a saving for the shipping board. which means for the United States government, of \$50,000 for food alone and \$25,000 for repairs was made. As EOV5 WANTED—To carry Star-routes in ciry. Mist be 14 years old and stickers. Apply to W. W. Martin at The Star office. a result of this campaign at least one arrest is expected when a certain ship arrives in New York.

There are 23 lines under the shipping board which have vessels calling at ports in this jurisdiction. There WANTED - Counter man at once at Twentieth Century Lunch rooms. are on an average 22 vessels on hand WANTED—Girls to operate knitting ma-chines in factory, Good pay. Steady work assured, Wages while learning, Gloversylle at all times. The average cost for maintaining these is from \$1,500 to \$2.-000 each per day. Before the war an American vessel on the River Plate was a curiosity.

\$300,009 for Repairs.

"Since the shipping board has no offices of its own to take charge of its vessels in ports throughout the world." continued Captain Carden, was usually necessary to intrust the care of its ships to established agencies. Many of these steamship agents had already for years been representatives of foreign and possibly competing lines. The result has been that in many cases American vessels have been held back, while other ships were given the preference, causing the expenses of American ships to mount up

brough port charges and lost time. "In all River Plate ports losses from his source have been very great, as well as those through overcharges for supplies, repairs and so forth. There is one case on record where an American ship was held up for months for repairs and charges totaling \$300,000 were piled up against her. But we are seeing to it now that shipping board vessels get into port and get away again without unnecessary delay. The saving to the shipping board from this attention undoubtedly will be several hundred thousand dollars

SHEPHERD HAILED AS ARTIST

Paul Darde, Farmer's Son, Awarded Paris Salon National Prize for Sculpture.

Paris.-Paul Adolphe Darde, awarded the envied Paris salon national prize for his "Faur" and "Rerual Suffering," is being greeted by critics as

a genius. Darde is not a trained artist in the academic way. He was a shepherd, the son of a small farmer, and fought in the World war. Today, though famons, he is only thirty-one years old. "I have no preference," Darde says.

"I love all that is beautiful in art as in life." The "Faun" is a massive, vigerous conception, speering, cynical and senscal "Eternal Suffering" represents a women's beed, snake-entwined, with

a face upturned in anguish. Darde works directly in marble with out a war or plaster model.

BEST FORM OF WIND MOTOR

Machine That Will Work in Perfect Caim is Recent invention of a Swedish Manufacturer.

For decades attempts at constitucting a wind motor that works so steadily as to be used profitably for generating electricity failed because wind motor and generator were directly connected by a rod, and the quantity of electric current was in direct proportion to the power developed by the motor.

A Stockholm (Sweden) manufacturer succeeded recently in constructing a satisfactory wind motor. While the wind is strong only part of the motor's power is utilized to drive the generator, while the surplus power lifts a heavy weight attached to an endless chain. When the wind is not strong enough to furnish sufficient moter power, or ceases wholly, the generator is kept in motion by the force of the slowly falling weight.

The famous Swedish engineer. Janson, figures that the generator is kept working at full capacity even if absolute calm prevail for three days.

Improved Aluminum.

A curious new form of aluminum has been attracting attention in France. When the pure metal is heated in a vacuum, 97 per cent of it is slowly volatilized in 73 hours at about 1,100 degrees Centigrade; and the whole is volatilized in 30 hours at 1.200 degrees centigrade. A small portion always proves less volatile than the rest. Quite often a kind of fractional distillation yields an aluminum residue that has increased affinity for oxygen, and within a month this is completely changed into a bulky grayish-white mixture of alumina and aluminum. One suggestion is that impurities of iron or silicon impart this peculiarity. But analysis shows only four per cent of iron and five per cent of silicon, and the form of metal so readily oxidized proves, therefore, to be purer than the aluminum used for kitchen utensils and various other purposes with no tendency to become oxidized. It is concluded that the easily oxidized metal is an allotropic form aluminum.

Trucks Grow in Favor.

There were 953,093 trucks in use at the end of the year 1919, as compared with approximately 700,000 for the preceding year. This is a gain of 27 per cent, 16 per cent greater than the increase shown by passenger cars. Only eighteen states make compilations of truck registration. New York leads with others following in this orđer: Illinois, Ohio, Pennsylvania, California Iowa and Texas. Nevada with 700 is at the foot of the list.

HAXING ON WESTERN PLAN.

Meridale Farms Does It on a Big Scale -73 Loads in Day.

Meridale, Sept. 3. - The big west ern ranches have nothing on "Meridale Farms" as regards doing having on a big scale. Upwards of forty men and nine or ten teams have been "haying it" on the big farm, and one of the pleasant days last week 73 loads were drawn in. There was some haring yet to do this week, the frequent showers having greatly delayed the wo-

Tuceday's Storm in Meredich.

The storm which broke over this section shortly before noon on Tuesday was cyclonic in its fury throughout this town. Thunder, lightning, had and a terrific wind made the storm a fearful one. Many trees were plown down, corn and other crops were laid low, gardens presented a sorry sight after the brief tornado had spent its force. Not the least of the damage was to apples and other fruits, quantities of the apples and pears being hurled from the trees.

Teacher for Primary Department. Miss Eva Sutton of Sidney Center

has been secured as teacher of the primary department of the Mendale village school.

To Hold Communion Service. Communion service is to be held in the Meridale church at the morning service next Sunday, Sept. 5.

DAVENPORT CENTER.

THE FINEST FLAVORED TEA

"Salada" is hill-grown tea. The leaf is small and tender with a rich, full and delicious flavor.

Is always of unvarying good quality. You will never be content with common tea once vou have tried Salada.

---But the

Sandwich hits the spot! You know how it is, fellows; pop-corn and apples and all-day suckers are good enough in their way, but when it comes to a downright good lunch-for that after-school hunger, there's nothing quite ivis the spot like a boaful of good sandwiches!

Try those next time number hits you

Honey and Nut Sandwich

Shape and butter the desired number of shees of Bread, then spread lightly with honey, taking care not to spread it quite to the edge. Sprinkle the bottom slice with chopped nuts (black walnuts, pecans or hickory nuts.) The two slices should then be pressed together. A garnish of a half nut may then be used as decoration on top by dipping the under side of the nut in honey and sticking it on to the sandwich.

Marmalade and Cream Cheese Sandwiches

Mash one cream cheese and add two tablespoons of marmalade and one tablespoon of finely chopped walnuts. Mix thoroughly and spread between buttered slices of whole wheat, graham or white Bread.

For perfect sandwiches, start with-

"Nu" Bread

-the loaf so sweet and rich, any regular feller would rather eat it than cake, any day,
